

EC Safety Data Sheet

acc. to 1272/2008 and 2018/1480

S. Fischbacher Living - Fleck-Entferner

1 Name of the substance/preparation and the company

Product identifier

Trade Name: s. Fischbacher Living Fleck-Entferner

Relevant identified uses of the substance or mixture and uses of which are discouraged: No further relevant information available

Use of the substance / preparation: Paints

Details of the supplier providing the safety data sheet

Manufacturer

Scherzenlehner Harze GmbH
Paschinger Straße 32
A-4060 Leonding
office@natural.at

Distribution

S. Fischbacher Living GmbH
Raiffeisenstraße 6
D-83109 Großkarolinenfeld

Reporting area: Product Safety Department

Control point for technical information: Emergency number:

Poison Information Centre +43/1/406 43 43 (24 hours/day, every day)

2 Possible dangers

Classification: not applicable

This product is not hazardous in the sense of national classification and labelling regulations.

GHS classification

Classification under Directives 1272/2008 and 2018/1480

Not applicable

Note on labeling

The product is not permitted in accordance with EC directives or the respective national laws.

Labelling required

Other hazards

PBT and vPvB assessment results

PBT: Not applicable.

vPvB: Not applicable.

3 Composition/ingredient information

Chemical characterization: mixtures

Description: Mixture of the following substances with harmless admixtures.

· Hazardous ingredients:		
CAS: 6153-56-6 EINECS: 205-634-3 Index number: 607-006-00-8 Reg.nr.: 01-2119534576-33-XXXX	Oxalic acid dihydrate Eye Dam. 1, H318; Acute Tox. 4, H302; Acute Tox. 4 H312	<1.5%
CAS: 77-92-9 EC No: 201-069-1 Reg.nr.: 01-2119457026-42 -XXXX	Citric acid 1% H319	<1.0%

4 First aid measures

Description of first aid measures

General information: Take those affected out into the fresh air.

after inhalation: supply of fresh air, consult a doctor if you have any symptoms.

EC Safety Data Sheet

acc. to 1272/2008 and 2018/1480

S. Fischbacher Living - Fleck-Entferner

after skin contact: Wash off immediately with soap and water and rinse well.

after eye contact:

Rinse eyes under running water for several minutes with the eyelid slit open and consult a doctor.

after ingestion: Consult a doctor if symptoms persist.

Main acute and delayed symptoms and effects

No other relevant information available.

4.3 Indications of immediate medical assistance or special treatment No further relevant information available

5 Firefighting measures

Extinguishing agent

Suitable extinguishing agents:

CO₂, extinguishing powder or water spray. Fight a larger fire with a water spray jet or alcohol-resistant foam.

Special hazards posed by the substance or mixture No other relevant information available.

Instructions for firefighting

Special protective equipment: Put on a breathing apparatus.

Collect contaminated extinguishing water separately and must not enter the sewer system.

6 Measures in the event of accidental release:

Personal precautions

Observe the protective regulations in sections 7 and 8. Confine leaked material with non-flammable absorbent (e.g. sand, soil, vermiculite, diatomaceous earth) and place it in a designated container for disposal in accordance with local regulations (Section 13).

Environmental protection

Do not allow to get into the sewer system or water.

Cleaning methods

Preferably clean with detergent. Avoid the use of solvents.

Note: See Section 8 for personal protective equipment and Section 13 for waste disposal information.

7 Handling and Storage

Protective measures for safe handling

Keep container tightly closed.

Avoid aerosol formation.

Notes on fire and explosion protection: No special measures required.

Conditions for safe storage taking into account incompatibilities

Storage:

Requirements for storage rooms and containers: Store in a cool place.

Storage instructions: Store separately from food.

Further information on storage conditions:

Store in well-sealed containers in a cool and dry place.

Protect from heat and direct sunlight.

Storage class:

VbF class: not applicable

Specific end applications No other relevant information available.

8 Limiting / Monitoring Exposure/Personal Protective Equipment

EC Safety Data Sheet

acc. to 1272/2008 and 2018/1480

S. Fischbacher Living - Fleck-Entferner

Additional information on the design of technical installations: No further information, see section 7.

Parameters to monitor

Components with work-related limit values to be monitored:

The product does not contain relevant quantities of substances with workplace-related substances that need to be monitored.

Limits.

Additional notes: The lists valid at the time of preparation served as a basis.

Limiting and monitoring exposure

Personal protective equipment:

General protective and hygiene measures:

Remove soiled, soaked clothing immediately.

Do not inhale gases/vapours/aerosols.

Avoid contact with eyes and skin.

Don't eat or drink at work.

Respiratory protection: not required.

Hand protection: protective gloves.

Glove material

The selection of a suitable glove depends not only on the material, but also on other quality characteristics and varies from manufacturer to manufacturer.

Penetration time of glove material

The exact breakthrough time must be found out from the protective glove manufacturer and adhered to.

Eye protection: Goggles.

Body Protection: Protective work clothing.

9 Physical and chemical properties

Information on the basic physical and chemical properties

General information

Appearance:

Form:	liquid
Color:	colourless
Smell:	pleasant
Odour threshold:	Not definitely.
pH:	1,1
State	
Melting point/melting range:	Not determined
Boiling point/boiling range:	Not determined
Flash point:	Not determined
Flammability (solid, gaseous):	Not definitely.
Ignition temperature:	Not definitely.
Decomposition Temperature:	Not definitely.
Self-ignition:	The product is not self-igniting.
Danger of explosion:	Not definitely.
Explosion limits:	
inferior:	Not definitely.
upper:	Not definitely.
Vapor pressure:	Not definitely.
Density at 20 °C:	1 g/cm ³
Relative density	Not definitely.
Vapor Density	Not definitely.
Evaporation speed	Not definitely.
Solubility in / Miscibility with	
Water:	Fully miscible
Distribution coefficient (n-octanol/water):	Not definitely.
Viscosity:	

EC Safety Data Sheet

acc. to 1272/2008 and 2018/1480

S. Fischbacher Living - Fleck-Entferner

dynamic:	15 s (ISO 3 mm)
kinematic at 20 °C:	Not definitely.
Solvent content:	
VOC (EU)	< 1g/l
Other information	No other relevant information available.

10 Stability and reactivity

Reactivity

Chemical stability

Thermal decomposition / conditions to be avoided: No decomposition when used as intended.

Possibility of dangerous reactions No dangerous reactions known.

Conditions to avoid No other relevant information available.

Incompatible materials: No other relevant information available.

Dangerous decomposition products: No dangerous decomposition products are known.

11 Toxicological information

Information on toxicological effects

Acute toxicity:

Primary irritant effect:

on the skin: No irritating effect

on the eye: No irritating effect

Sensitization: No sensitizing effect known

Additional toxicological information:

The product is not subject to labelling due to the calculation procedure of the General Classification Directive for EC preparations in the latest version.

According to our experience and the information available to us, the product does not cause any harmful effects on health when handled properly and as intended.

12 Environmental Disclosures

Toxicity

Aquatic toxicity: No other relevant information available.

Persistence and degradability No other relevant information available.

Bioaccumulation potential No other relevant information available.

Mobility in the ground No other relevant information available.

Further ecological information:

General information:

Water hazard class AWG generally hazardous to water (self-classification)

Do not allow to enter groundwater, water bodies or sewers.

PBT and vPvB assessment results

PBT: Not applicable.

vPvB: Not applicable.

12.6 Other adverse effects No other relevant information available..

13 Disposal Notes

Waste treatment processes

Recommendation:

The waste codes given are a recommendation based on the intended

Use of this product. Due to the special use and disposal conditions

EC Safety Data Sheet

acc. to 1272/2008 and 2018/1480

S. Fischbacher Living - Fleck-Entferner

under certain circumstances, other waste codes can also be assigned to the user.

European Waste Catalogue 20 01 14 Acids

**Uncleaned packaging:
Recommendation:**

Disposal in accordance with official regulations.
The packaging can be reused or recycled after cleaning.
Recommended detergent: Water, with the addition of detergents if necessary.

14 Transport details

UN number	
ADN, IMDG, IATA	not applicable
Proper UN shipping designation	
ADN, IMDG, IATA	not applicable
Transport hazard classes	
ADN/R class:	not applicable
Packaging group	
IMDG, IATA	not applicable
Environmental hazards:	
Marine pollutant:	No
Special precautions for the Users	Not applicable.
Bulk cargo transport in accordance with Annex II of the MARPOL Convention 73/78 and according to IBCCode	Not applicable.
Transport/other information:	No dangerous goods according to the above regulations

15 Austrian and EU regulations

Safety, health and environmental protection rules/specific legislation for the substance or mixture

National provisions:

Classification according to VbF: not applicable

Water hazard class: AWG generally hazardous to water (self-classification).

Chemical safety assessment: A chemical safety assessment was not carried out..

16 Other information:

The figures are based on the current state of our knowledge, but do not constitute a guarantee of product characteristics and do not constitute a contractual legal relationship.

Relevant sentences

H302 Harmful if swallowed.

H312 Harmful in contact with skin

H318 Causes severe eye damage.

H319 Causes severe eye irritation

Data sheet exhibiting area: Department of Environmental Protection

Note to the reader

Important note: The information in this datasheet is not intended to be exhaustive in every detail. They are based on the current state of our knowledge and on the laws currently in force: Anyone who uses

EC Safety Data Sheet
